

# AUSTRIA MAY HAVE BEGUN ACTION

Unofficial Report Says She is Mobilizing Her Naval Forces at Semlin

## PROGRESS OF ALLIES IS BELIEVED DIFFICULT

Bulgars Press Through Line of Defenses to Derkos Fortifications

BERLIN, Nov. 12.—An unofficial dispatch to the Vossische Gazette from Pole, an Adriatic seaport, asserts that Austria has ordered the mobilization of her naval forces at Semlin on the frontier near Belgrade.

### FURTHER REPORTS THAT ADRIANOPLE HAS FALLEN

SOFIA, Bulgaria, Nov. 12.—Reports from the Bulgarian front say that Adrianople has fallen. No details as to whether the Turks surrendered or the city was carried by storm have been received.

Reports state that the Bulgar troops have captured the main fortifications at Tchatalja and are closing on the fortifications at Derkos.

### LONDON THINKS BULGARS ARE FINDING DEFENSES DIFFICULT

LONDON, Nov. 12.—That the Bulgarians are having greater trouble anticipated in breaking through the Turkish defenses of Constantinople, is the belief of military experts today. Fighting at Tchatalja is progressing, but little advance by the allies is being made. Anti-Christian feeling is growing hourly in Constantinople and it is still feared the Moslem soldiers may start a massacre. It is charged by the Turks that the Bulgarians have mistreated non-combatants.

### U. S. CRUISERS SAIL UNDER RUSH ORDERS

PHILADELPHIA, Nov. 12.—Sailing under rush orders the cruisers Montana and Tennessee left today for Turkish waters to protect American lives and property in the event of a massacre at Constantinople.

# MRS. TAFT TO SHINE IN SOCIAL SEASON

Will Make This Most Brilliant Season of Her Husband's Administration

WASHINGTON, Nov. 12.—Despite the adverse result of the recent election, Mrs. Taft is planning a brilliant social season at the White House. First reports indicated that Mrs. Taft would entertain only formally during the season. The present indications are, however, that this will be the most brilliant season of President Taft's administration.

The present lady of the White House, who was expected on her advent in Washington to make the Taft regime one of the most resplendent in a social way of any of recent administrations, was frustrated in her social plans by what was practically a nervous breakdown in health.

See the finely-woven bungalow note for curtains—free from starch—that drape so beautifully. Chandler and Son, 510 North Main street.

## UNIVERSAL SUFFRAGE IN TEN YEARS, SAYS DR. SHAW

NEW YORK, Nov. 12.—Dr. Anna H. Shaw, president of the woman's National Suffrage Association, today predicted universal suffrage in America and England in ten years. She said: "We hold the balance of power, with seventy electoral votes, in any closely contested election. When political parties are brought to realize the fact that we no longer need to plead for the franchise, it will be given us."

# Wealthy Guests St. Francis Are Objects of Plot

SAN FRANCISCO, Nov. 12.—The police have uncovered what they claim to be a plot to drug and rob wealthy guests at the St. Francis Hotel following the insistence of Adolph Mueller alias Theodore Thomas, a former convict, to get J. F. Wilson, a wealthy man of Clinton, Iowa, to take an automobile ride.

Mueller and a confederate, Chas. Stephenson alias "Steve" Kidd, were arrested. A bottle of knock-out drops was found on Stephenson.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Fair tonight and Wednesday; light northeast winds.

### Smallpox on Steamer Nile Reaching San Francisco

SAN FRANCISCO, Nov. 12.—One positive case of smallpox and possibly more, which developed in the first cabin of the British steamer Nile, from Hong Kong, caused the federal authorities to hold the vessel in quarantine here upon her arrival. All the first cabin passengers were placed in fumigation chambers while the vessel, with hatches closed, will be subjected to the fumes for 48 hours.

### Terrific Headwinds Delay Coastwise Steamers

SAN FRANCISCO, Nov. 12.—Terrific southwest headwinds which have prevailed along the coast for 48 hours have thrown many coastwise vessels hours behind their schedules. The steamer George W. Elder, due last Saturday from Portland, became short of fuel, a result of bucking the winds, and was towed into port thirty six hours late by the steamer Santa Clara.

### Warship Vermont Badly Rams Schooner in Hampton Roads

NORFOLK, Va., Nov. 12.—The schooner J. Holmes Birdsall, Philadelphia, was rammed by the battleship Vermont in Hampton Roads today, with the result that its port quarter was badly damaged and its starboard bow crushed. The Vermont towed the schooner to port.

### Former Governor Powers of Louisiana Dies on Imperial Farm

EL CENTRO, Nov. 12.—Former Governor Powers of Louisiana, who for years made Los Angeles his home, died here at midnight on his farm in Imperial Valley.

### Wolgast and Willie Ritchie Matched for 20 Rounds, Thanksgiving

SAN FRANCISCO, Nov. 12.—Champion Wolgast, and Willie Ritchie of San Francisco, have been matched for twenty rounds on Thanksgiving Day here. Wolgast will receive \$15,500, and Ritchie will take a chance on the percentage.

### Former Governor Wm. L. Larrabee of Iowa Very Ill

MASON CITY, Ia., Nov. 12.—Former Governor William Larrabee is critically ill at his home in Claremont. The weather has seemed to aggravate his rheumatic affliction and it was hardly thought he could live until this morning.

### T. S. Henry, Last Grandson Of Patriot Patrick Henry, Dead

LYNCHBURG, Va., Nov. 12.—Dr. Thomas S. Henry, said to be the last surviving grandson of Patrick Henry, died early yesterday at Rehill, the famous ancestral home of the Henry family. Dr. Henry was 80 years old.

# SIR THOMAS LIPTON YET WANTS THAT CUP

Will Build Two Cup Challengers in Fourth Effort if Rules are Amended

VANCOUVER, B. C., Nov. 12.—"If the New York Yacht Club officials amend the American Yacht Club rules, I shall build two cup challengers for my fourth attempt to lift the cup in 1914."

Sir Thomas Lipton, three times times challenger of the America's cup, thus quietly announced his intention of spending at least another million dollars in an effort to capture the emblem of the world's yachting supremacy. Sir Thomas is en route to San Francisco, where he will attend a meeting of yachtsmen.

—During the past, at the present and in the future—the telephone users best friend. The Home Telephone Company.

Switches at 25 per cent off from now until November 10th. MRS. CAVINS, 408 North Main street.

# OFFICIAL COUNT IS FAVORING WILSON

Twelve Counties Completely Canvassed Reduce T. R.'s Majority Today

## DEMOCRATS IN ANGEL CITY ARE BUSY WITH THREATS

Say They Will Put Matter up to Congress Unless They Are Given Square Deal

SAN FRANCISCO, Nov. 12.—With a complete official count from twelve counties already canvassed by the supervisors, an increase of 321 is shown for Wilson, with but 55 for Roosevelt, over the unofficial figures. Democratic Chairman Davis expressed the belief that Roosevelt's present lead of 455 will be materially reduced if not overcome in the final figures from all counties.

The Roosevelt forces are undismayed over the returns claimed by the Democrats and declare that Roosevelt has a plurality of 600 and that his chances of counting California electoral votes as his own are the brightest. Doubt can only be dispelled by the official count, however.

### ROOSEVELT LOSES 59 VOTES IN SANTA BARBARA COUNTY

SANTA BARBARA, Nov. 12.—Official returns reduced Roosevelt's plurality by 59 votes today, giving him the county by 587 votes.

### DEMOCRATS IN LOS ANGELES MAKING ELECTION THREATS

LOS ANGELES, Nov. 12.—Demanding a square deal, a committee of Democrats headed by H. H. Cotton, chairman of the County Committee, today threatened to take the matter of election to congress. The Democrats are watching the official count of ballots by supervisors, and claim they are experiencing difficulty in keeping a private count on the tally books. Scores of election judges were examined as to the correctness of their books, over the protest of the Democrats who claim the books were opened illegally several days prior to the official count.

### Difference Is Small

REDDING, Cal., Nov. 12.—A complete count of ballots here today gives Wilson 2040; Roosevelt 2836.

# CASE HALTED BY SICKNESS

Juror in Dynamite Trial Stricken Suddenly by Paralysis as McManigal Testifies

INDIANAPOLIS, Nov. 12.—The trial of the forty-seven union leaders charged with illegally transporting dynamite was brought to an abrupt halt today when Juror Allen Spaulding was stricken with apoplexy. At the end of an hour Spaulding's condition was unimproved and court adjourned until 2 o'clock.

Ortie E. McManigal, the self-confessed dynamiter, had resumed the stand and was telling unconcernedly of the dynamiting of non-union buildings when the juror was so suddenly stricken.

### CONFESION CONTINUED FROM SATURDAY AND MONDAY

McManigal, the self-confessed dynamiter, yesterday told his story on the stand in the dynamiting cases, and it was listened to with rapt attention by judge, jury, attorneys and the largest crowd of spectators that has yet visited the courtroom.

When the witness left the stand Saturday afternoon he had given in detail his operations in the first two years of his work as a dynamiter, and today he entered upon the record of the second two years, a period of much greater activity and culminating in the arrest of himself and the McNamara brothers, McManigal's confession and the indictment of the men now on trial.

## JACK JOHNSON IS FACING FOUR MORE WARRANTS AND BOND

CHICAGO, Nov. 12.—Jack Johnson, accused of violating the Mann anti-slavery act, was told today that four additional indictments had been returned against him and that he could be imprisoned for five years on each charge; also that a total bond of \$350,000 might be required. Johnson declared that some one is framing up a scheme to send him to prison.

# SIX ARE KILLED AS DYNAMITE EXPLODES

Twenty Injured, Twelve Probably Fatally, in Explosion of Aetna Powder Works

## 2000 POUNDS OF DEADLY STUFF SET OFF BY JAR

Bodies of 3 Dead Blown Into Pieces; Shock Felt in Michigan Town; Quake Feared

GARY, Ind., Nov. 12.—Six persons are known to have met death in an explosion in the Aetna powder plant, Aetna. The bodies of William Halpin, Oscar Carlson and C. Carlson have been recovered. It is feared other bodies are in the debris. Twenty were injured, twelve probably fatally.

Superintendent Edwards believes the explosion was the result of a stoppage of the machinery which packs the dynamite shells and a jar of the machinery was the direct cause. Two thousand pounds of dynamite exploded, blowing bodies of three unknown dead into pieces. The shock was terrific, and was felt at Grand Haven, Michigan, the residents of that city believing it to be the shock of an earthquake.

### LABOR FEDERATION DISCOURAGED OVER PROGRESS ON COAST

ROCHESTER, N. Y., Nov. 12.—The unionization of Los Angeles, the poorest organized city in the United States, is occupying the attention of the delegates to the American Federation of Labor Convention today. Western delegates admitted the past years' efforts to unionize steel plants and other trades on the Pacific coast had been discouraging.

The delegates will consider the methods to be used in dealing with Industrial Workers of the World where the two organizations clash.

### GOV. JOHNSON WILL PICK UP THREADS OF STATE AFFAIRS

SACRAMENTO, Nov. 12.—Governor Johnson said today he had lost track of the vigilante situation at San Diego, in the heat of the campaign and could not say what further action would be taken.

He refused to comment on the holding up of Louis Glavis' salary by the State Conservation Commission.

## BASEBALL MEN OF MINOR LEAGUES AT MILWAUKEE MEET

MILWAUKEE, Nov. 12.—Baseball men from all corners of the country met today in an annual meeting of the National Association of Minor Leagues. Fielder Jones of the Portland Northwestern League, announced his determination to demand such a classification that the organization would be changed to Class A.

### MICHIGAN FIGHTS SUFFRAGE

Vote on Amendment Not Counted Correctly Is Claim and Majority May Vanish

LANSING, Mich., Nov. 12.—In an attempt to defeat woman suffrage, which carried in Michigan last Tuesday, the vote on the amendment will be contested in five counties, it was said yesterday, on the ground that the question was not correctly put in those counties. It is said with the vote of the five counties thrown out, the state majority would be eliminated.

### 200 MORE POLICE IN ANGEL CITY TO STOP HOLD-UPS

LOS ANGELES, Nov. 12.—Declaring Los Angeles is insufficiently policed, Commissioner George W. McDia today announced his intention of demanding at least two hundred additional officers to stop night hold-ups.

"The department is efficient as far as it goes," said McDia, "but it is inadequate. Hold-ups and robberies have got to stop."

### MRS. PANSY LESH IS TO BE EXTRADITED

Gov. Johnson Grants Extradition to Missouri in Her Case and of John Jordan

LOS ANGELES, Nov. 12.—Sheriff M. T. Henderson of Sedalia, Mo., arrived today with extradition papers for Mrs. Pansy Lesh, who confessed to the murder of two women in Missouri years ago. He plans to return with the woman tomorrow.

SACRAMENTO, Nov. 12.—Governor

# PROGRESSIVE FIGHT HAS JUST COMMENCED

Theodore Roosevelt Congratulates the Party of Humanity on Its Wonderful Achievements

(By THEODORE ROOSEVELT)

NEW YORK, Nov. 12.—I congratulate the Progressives of the country—that is, I congratulate those good men and women who, with sincerity of purpose for the common good, have had the vision to look into the coming years and see what the future demands from us who work in this present.

What the Progressive party has done since the theft of the Republican organization by the Republican bosses at Chicago last June is literally unparalleled in the history of free government, worked under representative institutions. Three months have gone by since some hundreds of earnest men and women gathered to found the new Progressive party. Without much money, without any organization, against the wealth of the country, against the entire organized political ability of the country, against the bitter hostility of 90 per cent of the press of the country, against the furious opposition of every upholder of special privilege, whether in politics or in business, and with the channels of information to the public largely choked—the Progressive party has polled between four and four and one-half million votes; has hopelessly beaten one of the old parties, both in the electoral college and in the popular vote; has taken second place in the nation, and either first or second place in some 37 of the 48 states.

No task in any way approaching this has ever before been performed by any party in our country. Such a feat, performed by volunteers hastily brought together and without any previous co-operation with each other, against the trained veterans of the political arena—these trained veterans including the entire mercenary forces of politics—should be a source of pride, not only to those who performed the task, but to all believers in good citizenship and in the capacity of Americans for self-government.

During the campaign I said repeatedly that this was in no shape or way a one-man movement, but a movement for great principles—a movement which has sprung, as all healthy movements in our democracy must spring, from the heart and conscience of the people themselves. This truth must be kept steadily before the minds of all of us.

The Progressive party has come to stay. If either of the old parties will endeavor to put into legislation any one of our planks it can count on our hearty support in so doing, but we will not rest contented until the entire platform is enacted into law and becomes part of our political system, national and state.

I am proud, indeed, that the great good fortune has been mine to fight shoulder to shoulder with the men and women who, in the ranks and in various positions of leadership, have waged this great battle for social and industrial justice. So far from being over, the battle has just begun. We will not rest content until every feature of the Progressive program has been put into effect; and when this has been done, unquestionably there will have opened to us new avenues along which it will still be a duty to work for the moral and economic betterment of our people.

## A RE-COUNT ON ELECTORS IN TWO PRECINCTS HERE MAY BE ASKED BY ROOSEVELT FORCES

If Contest Gets Down to Scratch all Over The State, Contest Likely to be Entered Here—Possible, But Not Probable

Yesterday afternoon at 5:15 o'clock the Board of Supervisors completed the canvass of the returns of the general election held last Tuesday.

While not probable, it is not without the range of possibilities that a re-count will be sought in this county in two of the Santa Ana precincts. The only possibility upon which a re-count is likely is that the vote in California indicated by the official returns made to the secretary of state show the result so close that every stray vote up and down the state will be sought by the contesting parties.

In this county the canvass resulted in the loss of thirty-five votes for R. W. Bull, one of the Republican electors, and the net loss of seven votes for all of the Republican electors except A. J. Wallace. Attorney E. E. Keech is confident that if a re-count were made the votes could be made to count. The Board of Supervisors, however, could take no other action than it did.

Bull lost twenty-eight votes in Santa Ana, 100, 7, he being credited with 178 votes instead of 150. In Santa Ana No. 5 the election officers failed to tally out for any of the electors except the two heads of the tickets. The tally sheet showed that the tally was kept to the end for Wallace, giving him 141. For Griffin, the first Democratic elector, the tally was carried to the end. For all the Republican electors except Wallace the tally sheet was not filled out beyond 50, and for the Democrats not beyond 64.

It would appear that the election officers concluded that the voters would all vote for a full set, and therefore they thought to save time by making a tally for the two heads only. That

this is undoubtedly the intention is shown that while each Republican elector was credited in figures to 141 votes, the tallies only gave 50 to twelve of them. The law requires the Board of Supervisors to follow the tally sheet, and in doing so in the fifth precinct the Republican electors, except Wallace, lost 91 votes, and the Democratic electors, except Griffin, lost 84, making a net loss of 7 for the twelve of the Republican electors.

S. J. Jackman, chairman of the Republican county central committee, has reported to the state central committee that the changes were made, and has advised the committee of Attorney Keech's opinion in the matter. Should the state central committee think it advisable, the contest for the votes here will be taken into court.

In the Register's table, showing the votes as officially counted yesterday, the results on Roosevelt, Wilson, Debs and Chafin are given from the vote cast for the first electors.

The Amendments  
The first totals made on the vote on amendments in this county were completed today by Miss Myrtle Meyers, deputy county clerk. These totals were:

For the irrigation district bonds amendment, 4336; against, 2992.  
For free text-books, 5417; against, 3121.  
For first registrar of voters proposal, 2010; against, 4901.  
For second registrar of voters proposal, 1841; against, 3264.  
For third registrar of voters proposal, 1847; against, 4843.  
For consolidation by cities of 350,000 population, 1026; against 5935.  
For race track bookmaking proposal, 1310; against, 7095.  
For home rule in taxation, 1879; against, 5161.

Johnson granted extradition to Missouri in the cases of two alleged murderers. One is Pansy Ellen Lesh, the young woman who recently gave herself up to the Los Angeles police with a confession of having given rough on rats to Mrs. Elizabeth Quaintance and Mrs. Eliza A. Coe in 1094. The other is John Jordan, accused of having stabbed to death Talman Vestal, in Macon County, Mo., in September, 1909. Vestal was instantly killed by a knife thrust in his head. Jordan is also held in Los Angeles.

### Exhibits Received

J. C. Metzgar, secretary of the Santa Ana Chamber of Commerce, has received some fine oranges from H. W. Christenson of Garden Grove to make up a jar of oranges for the Garden Grove exhibit.

The secretary has received a Hercules gourd, five feet one inch in length, from J. B. Lewis.

# PREMIER OF SPAIN IS SLAIN

Canalejas Shot Through Head by Manuel de Zarrate, Who Then Killed Himself

## CONFUSION FOLLOWS WITH ARREST OF ANARCHISTS

Assassination Due to Premier's Action in Ferrer Case—an Uprising is Feared

MADRID, Spain, Nov. 12.—Premier Canalejas was assassinated today. The murderer, Manuel Pardinaz Y Zarrate, later committed suicide.

Stepping behind Premier Canalejas in front of the Ministry of the Interior building, the assassin fired two shots, both entering the victim's head, behind the ear. The Premier fell to the pavement dead. After making sure his victim was dead, Zarrate killed himself before the police arrived on the scene. It is said the deed was due to Canalejas' part in the execution of Francisco Ferrer.

### Confusion in City; Anarchists Arrested

The square was packed with people at the time of the assassination and the wildest confusion followed. The police and military guards attempted to clear the square and the throng stampeded wildly, while scores of loaded mules took fright, adding to the confusion.

Practically every prominent anarchist in the city was arrested immediately, but a general uprising is greatly feared. The authorities believe the inflammatory speeches on Ferrer's memorial Sunday inspired the deed.

Canalejas was a Liberal succeeding the Conservative premiership of Antonio Maura, after the latter had drastically ended the disorders in Spain by protesting against the drafting of troops for the Moroccan war.

### ZARRATE IS SAID TO HAVE NOT SUICIDED AS REPORTED

Dispatches from London this afternoon say that Zarrate did not suicide but was arrested. The police reported that he had ended his life in order to throw his accomplice off his guard.

King Alfonso is greatly shocked by the tragedy. He hurried to the Ministry of the Interior building and prayed beside the Premier's body. The assassination was kept secret four hours. Every communication was censored. The royal palace is heavily guarded to protect the king.

### ASSASSINATION MAY BE PRELUDE TO UPRISING

PARIS, Nov. 12.—It is reported here that the assassination of Premier Canalejas is the prelude to an anti-government uprising in Spain. Anarchist circles are reported as ready to take part in the struggle.

# JOHN SCHRANK'S PLEA IS "GUILTY"

Says He Wanted to Kill Roosevelt, as Third Term—Sanity to be Probed Today

MILWAUKEE, Nov. 12.—John Schrank, who attempted to assassinate Colonel Roosevelt, pleaded guilty of attempted murder today. Colonel Roosevelt will be asked to come to Milwaukee to testify if the preliminary examination shows Schrank to be sane.

Repeated questioning by District Attorney Zabel was required to get an answer from Schrank, who finally said:

"I intended to kill Roosevelt, the third term, not the Progressive party. I shot Roosevelt as a warning to other third termers."

Judge August Backus adjourned court until 2 o'clock, when a sanity commission will be named to examine Schrank.

Large assortment of men's and women's up-to-date shoes at \$2.50 at the new shoe store, 213 West Fourth street.

### CHRISTIAN CHURCH SCENE OF REVIVAL

Rev. Crittenden Pleased Hear-  
ers With Beautiful Solo—  
Strong Sermon Given

A large crowd greeted the singer and minister last night at the First Christian church. It was a splendid Monday evening audience. The usual excitement attendant upon the first night of a revival service was absent and in its place a quiet and subdued reverent spirit was very manifest. The congregation entered heartily into the song and praise service. Mr. Crittenden delighted us with his leadership, and his solo, "Is He Yours?" suited his splendid baritone voice. The audience listened with splendid attention to this, his first solo. He will sing at every service of the week.

The pastor preached upon the subject, "The Sting of Death." He spoke of the sting of death as sin. He went on to show that it was a fact and not a theory. It was a real condition in all of its horrible effects. While one may deny that there is any such thing as sin, he could not well deny the results of that which we call sin. His immediate text for the sermon was, "He that sinneth against me wrongeth his own soul." The wrong and hurt of sin in its many effects upon society, friends, the family and the soul itself constituted the body of the sermon. It was shown that the sinner man is simply making a beggar's plea for happiness. A plea and a way that has never secured the thing sought. You will not fail to be helped by the earnestness and devotion of these services. Every moment is well spent. A splendid spirit prevails. Do not fail to attend them during the short time they will run.

The sermon for tonight will be, "Remission of Sin." The speaker reserves the right to change the subject each evening if he deems it to the best interests of the meeting. Mr. Crittenden will sing, "Oh, Make Me Clean." Service begins at 7:15.

#### Only a Fire Hero

but the crowd cheered, as, with burned hands, he held up a small round box. "Fellows!" he shouted, "this Bucklin's Arnica Salve I hold, has everything beat for burns." Right! also for boils, ulcers, sores, pimples, eczema, cuts, sprains, bruises. Surest cure. It subdues inflammation, kills pain. Only 25 cents at all druggists.—Advertisement.

### 100,000 POOR IN SCOTLAND AIDED

One Forty-Eighth of Population  
of Country of Great Estates  
Seek Relief

San Francisco Bulletin: Perhaps in your casual reading recently you ran across this little item tucked away in an obscure corner of your newspaper: "In Scotland during the last month 100,000 poor persons were in receipt of relief."

Possibly you overlooked that item; most readers did. Yet it was highly important, for it showed what happens when lands needed for the production of food are held as pleasure grounds for the rich. Scotland has a population of about 4,800,000. It is a country of great estates, and in a single month one forty-eighth of its inhabitants are driven by their necessities to accept the bread of charity.

Not long ago Harry Payne Whitney, one of our American millionaires, crossed the Atlantic for his annual shooting party upon the Scottish grouse moors which he leases from the Earl of Strathmore. He took three friends along and gave himself and them a fine time. The cost was \$75,000, a few thousands of which went to pay for beaters of game. Thus, some of the poor reaped a temporary benefit from his extravagance, and if Harry Payne Whitney noted the eagerness with which they took his money, he no doubt, got an additional pleasure from his outing.

Possibly other hunters from far and near were as prodigal in their expenditures, and it would be interesting to know how many poor persons would have applied for relief if there had been no big hunting parties at all. Truly, Scotland is in a bad way, but the future is not wholly dark. Men like Lloyd George are at work on the problem, and it may not be long before the great estates will vanish and small farms take their place.

### ALL YOU NEED IS A CASCARET TONIGHT

No Headache, Sour Stomach,  
Biliousness or Constipation  
by Morning

Turn the faucets out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the constipated waste, matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love to take Cascarets because they taste good—never gripe or sicken.—Advertisement.

#### Card of Thanks

We desire to express our sincere thanks and appreciation to our neighbors and friends for their many deeds of love and kindness to our dear mother during her illness the past year, and for the love and sympathy and beautiful flowers that we received at the time of her death.

R. ESAU,  
CARL ESAU,  
EDWARD ESAU,  
MARGARET ESAU.

Rev. J. E. Cochrane, leading revival at Free Methodist Church.

### FREE METHODISTS BEGIN REVIVAL

Rev. J. E. Cochrane of Los Angeles Aids Pastor Johnson in Evangelistic Meet

Much interest is being manifested in the revival meeting at the Free Methodist church. Sunday evening two bowed at the altar and found the Lord. Last night a splendid congregation greeted the evangelist.

The pastor, Rev. B. C. Johnson, is to be congratulated upon being able to secure the efficient services of Rev. J. E. Cochrane of Los Angeles as evangelistic help. Rev. Cochrane is serving as District Elder of the Riverside district for the conference year. Last year he served as pastor of the Second Free Methodist church, Los Angeles, and it was through his untiring efforts that the church was able to purchase a beautiful church property on Thirtieth street.

Last night the evangelist spoke with force and emphasis from the text Matthew 3:3: "Prepare ye the way of the Lord, make His paths straight." He insisted that the only condition that would bring about a revival was a thorough preparation of the church as a whole and as individuals. Rev. Cochrane will preach each evening at 7:30.

### BANNER SOCIETY TO BE ON HAND

ANAHEIM, Nov. 11.—Mr. and Mrs. L. E. Miller entertained the Christian Endeavorers of the First Presbyterian church at their home on Broadway, Friday evening. A business meeting led by President Elton Goble was followed by an enjoyable social hour.

The Anaheim society is one of the best and most efficient in the state, the efficiency banner of the state being won by the society for this year. The juniors are also at the top of their list, several banners being won this year, of which the society is very proud.

A delegation from this society will be on hand for the big C. E. convention to be held in Santa Ana on the 15th, 16th and 17th of this month. The society here is in a prosperous and thriving condition and is growing rapidly. Many of the young people in the high school have become members, as well as other young folks in the community.

—Best service, lowest rates. Who? The Home Telephone Company.

### MONROVIA CHURCH IS PASTORLESS ONE

Flock Without Preacher or Any  
Officers Grows to Point of  
Owning a Church

MONROVIA, Nov. 12.—Sunday afternoon the opening service was held in the small Christian Assembly church at Lime and Ivy avenues. W. J. McClure and W. H. Hunter officiated.

This church occupies a unique position among religious organizations. It has neither regular preacher nor officers, nor has it ever had any, so it is absolutely "a law unto itself." For several years the meetings were held in a vacant store room at 221 South Myrtle avenue. There the congregation assembled every Sunday and nearly every evening to worship after their own manner. It is their idea to follow the teachings of the Bible as closely as possible, and this they believe they can do without any formal organization. At times during the summer they have held open-air services on the street.

Gradually sufficient money was accumulated to buy the lot on which their modest house of worship has been built. It is designed to be part of a larger structure, as the increase in size of the congregation demands. The members feel much more contented now that they have a church building of their own.

### NOSE STOPPED UP WITH CATARRH

A Common Sense Treatment  
for Colds and Catarrh—  
Gives Instant Relief

No matter how miserable you are with catarrh or a cold in the head, nose stopped up, throat sore, eyes running, dull pain in the head, dry cough, fever, foul breath, Ely's Cream Balm will give you instant relief.

It gets right at the root of the trouble, cleanses, heals and strengthens the raw, sore membranes, stops the nasty discharge so that you are not constantly blowing the nose and spitting. In a few minutes after applied you can just feel it doing its work of clearing the head, the pain and soreness are relieved, the breathing becomes natural and the stuffed up feeling is gone. This cleansing, healing, antiseptic Balm contains no mercury, cocaine or other harmful drugs. It is easy to apply, pleasant to use, and never fails to give relief, even in the worst cases.

Never neglect a cold, and don't suffer the miseries of catarrh nor disgust your friends with your hawking, spitting and foul breath. Get a 50-cent bottle of Ely's Cream Balm from your druggist, and start the treatment at once. You will find that it will be the best investment you ever made.

### WILLIAMS SIGNING THE COUNTY BONDS

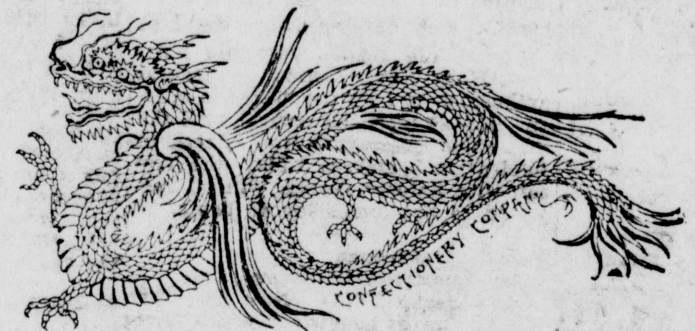

County Clerk Williams is today signing the bonds in the two county issues, \$100,000 for bridges and \$60,000 for county poor farm and hospital. The bonds arrived yesterday, and when signed by the proper county officials they will be turned over to County Treasurer Joplin, who will then receive the money for them from E. H. Rollins & Son, a San Francisco bond firm that bought both issues.

A fine line of those new luxurious Davenport and Morris chairs are now on display at Chandler and Son's, 510 North Main street.

## IS KILLED BY FALLING TREE

Santa Fe Park Employee Met  
Death When Palm Tree at  
Fullerton Struck Him

A verdict of accidental death was found by Coroner Winbiger yesterday afternoon at the inquest held over the body of A. J. Behrens, the young man who was killed in the park at the Santa Fe depot at Fullerton by having a palm tree, which he was taking down, fall on him.

Behrens was the foreman of a gang of workmen employed by the Santa Fe railroad to go from one town to another, making improvements in the various depot parks belonging to the Santa Fe. The workmen had excavated around the roots of the palm tree and when Behrens took hold of a rope attached to the top of the tree it fell on him, crushing him beneath it and breaking his neck. He died instantly.

Behrens was 27 years old and unmarried. His parents live at San Bernardino and the body will probably be sent to that place for interment.

### NO PIVOT

The Fraternal Brotherhood will give another one of those popular dances Friday evening, Nov. 15th, at their hall on West Fourth street. There will be no pivot dancing. With the best floor and best music a good time is assured. Admission 50 cents a couple.

## INDUSTRIOUS BOY IS TAKEN INTO CUSTODY

Paroled Youth Was Making  
Good When He Was Taken  
Back to State School

Willie Salazar, who was out on parole from the state school at Whittier, was returned to that institution yesterday by one of its officers. With the boy's detention comes the suspicion on the part of his employers that he has not been given a square deal by those in whose charge he was.

The boy was given parole and was placed in charge of his sister and her husband, who live at South Santa Ana. He secured employment in the Southern California Sugar Company's plant, and he has been on the job right along until his arrest yesterday. The foremen and superintendents of the sugar factory declare that the boy is industrious and faithful, and that he has been putting money in the bank. They were much surprised yesterday when Constable Jackson got the boy, stating that he had instructions from the state school to take him because he had broken his parole. The Whittier officer who came for Salazar said that the boy's sister had reported that he was spending his money and carousing around at night. Some of the boy's friends deny the accusation.

What caused the action on the sister's part is a matter of conjecture.

—The Santa Fe Ry Company, will sell excursion tickets to Hemet, account Race Meet at Hemet. Tickets on sale Nov. 10th to 14th; return limit Nov. 15th. Fare, \$3.40 for round trip. Phone Main 11. F. T. SMITH, Agent.

## STUDEBAKER PLANS TO GIVE SURPRISE

Striking Announcement Near  
in Which New Values for  
Line Will be Given

With one of the most striking announcements which ever stirred the automobile world, the Studebaker Corporation will open its 1913 campaign next Thursday, with five pages in the Saturday Evening Post, the largest single advertisement of the kind ever issued, and will call attention to the new line of cars. Those few persons in a position to know declare the announcement will cause a sensation.

Proceeding carefully and slowly, the engineers and designers at the big Detroit plant have evolved a line of machines which they claim will greatly increase the value.

"The Studebaker Corporation is looking forward to the biggest season any automobile concern ever enjoyed," declared Fred Ross of the Wm. F. Lutz Company, yesterday. "I am not at liberty to announce the specifications of our cars, but do not hesitate to declare that the coming announcement will be a bombshell in the automobile world, which will be felt both by buyers and dealers."

Despite the reticence Studebaker officials have shown in discussing their 1913 line until everything was in readiness there has been no lack of business. Both the "twenties" and "thirties" manufactured by the Detroit firm have maintained their place as among the popular machines. These cars will be supplemented the coming year by much greater machines, both from the view of horsepower and design, but which will have relatively the same price as the present models.

## PRACTICE GAME AT ANAHEIM TOMORROW

ANAHEIM, Nov. 12.—The girls' basketball team of the Anaheim High School will play its first practice game of the season with the girls from Orange, Wednesday afternoon on the home grounds. The girls have been practicing daily for several weeks and are in fine trim for the game. This will probably be the only practice that the girls' team will have before its regular schedule starts. The first regular game is with the girls from Santa Ana next Saturday on the Anaheim court.

Tomorrow's game will reveal just what material there is in the team. A good many of the girls will receive their official tryouts. Miss Fergus will captain the team and play center; others who will probably play are Misses Alice Goetz, jumping center; Alice Pannier and Carrie Evans, side center; Elizabeth Goertzen, Gladys Goble, Louise Dahn, basket; Marie

## "Just Say" HORLICK'S It Means Original and Genuine MALTED MILK The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

ELEGANCE IS A JOY. COME LET US SHOW YOU THE NEW THINGS FOR THE SEASON. WE HAVE A LONG LINE OF WHAT YOU WANT FOR WINTER. WE SHALL PLEASE YOUR EYE AND YOUR PURSE.

## Warm, Wooly Coats for Winter Wear

There's a touch of winter in the air. Frosty weather's coming. And frosty weather demands a nice, warm, comfortable wrap. We have some splendid coats for chilly weather, the kind that snuggles up around your throat, some with convertible collars that you can wear up or down, all of them new and good looking. Then we have the handsome dress coats in caracul and nobby diagonals. Our coat trade has been remarkable. Better make your selection now.

## Good Values in New Tailored Suits

—Just received some of those much called for fine blue serge suits, regular men's blue serge, beautifully plain tailored. They sell for only \$25.00 and \$27.50 and we fit them.

—Fine black serges, plain tailored, up to \$30.00—these are very dressy suits.

—Some new Norfolks in heavy serges, browns and blues, at \$20.00 to \$27.50.

## "ATHENA" Underwear Here

We have the new ATHENA UNDERWEAR in all weights for winter, heavy and medium fleece lined garments, fine woolen and exquisite silk and wool garments. Ask to see the points of superiority, the reinforced shoulder, elastic cuffs, fitted seat, and hand finish, and all for the price you usually pay.

# Strength

The strength of a banking institution consists not alone in its financial resources but also in the character and ability of its officers and directors and in the confidence and loyalty given it by the community of which it is a part. These banks are pre-eminently strong in ALL respects.

# Service

The proper conception of a banking institution's duties and privileges includes service to its community. A bank must pay its stockholders a fair rate of interest in order to secure and hold investments in its stock; but its duty does not end here; it must also render REAL SERVICE to its community in the way of public enterprises and private support. These banks point with pride to their records in these respects.

# Solvency

A banking institution to be really and truly solvent must have more and other assets than merely money and credits in excess of its money liabilities. It must have a surplus of character, a reserve fund of reputation, a credit balance of experience, large and moral resources. These banks invite examination as to their moral solvency.

## GARDEN GROVE NEWS BUDGET

GARDEN GROVE, Nov. 12.—A light rain fell on Sunday morning. Miss Carrie M. Kimball is having cement walks laid around her new house just east of town.

The new house of Henry Otta is ready for the plasterers. It is a five-room cottage with all modern conveniences and will be another splendid addition to the east side of town.

The new house of G. L. Beardsley and also that of Mr. Head, all in the east side of town, are being pushed right along and will soon be ready for plastering.

Mr. Crill has two carloads of lumber on the ground for his two new houses which he is having built on his ranch, two and a half miles northeast of town. The houses will be occupied as soon as finished, one by Mr. Crill and the other by his sister. Mr. Crill has already set out a part of his ranch to orange trees and will set the rest next spring.

Col. S. Brighton and wife, of Wichita, Kas., are here on a visit at the home of E. Beardsley, who is Col. Brighton's nephew.

Chas. Swall, J. Devaul and son, Ira, started on a business trip to San Diego on Thursday of last week, and will return today.

Will Thompson of Huntington Beach visited his parents, Mr. and Mrs. T. H. Thomson, on Sunday.

The little 11-year-old son of Mr. and Mrs. H. B. Hobbs, who was operated on last Wednesday for appendicitis, is doing well, under the care of Dr. Gordon and Dr. Prentice.

Geo. Hobbs of Santa Monica is visiting his parents, Mr. and Mrs. H. B. Hobbs, who live three-quarters of a mile east of town.

The hour of meeting of the Garden Grove church of Latter Day Saints has been changed. Their regular evening service hereafter will be held at 7 o'clock instead of 7:30, as formerly.

A. G. Reed left on last Thursday for Tulare to be gone eight or ten days. He expects to meet Mrs. Reed and they will return together.

Miss Bertha Robinson, who has been visiting at her brother's in Los Angeles, was called home on account of the illness of her mother. Mrs. Robinson is much improved.

H. B. Martin has returned from a business trip to Imperial Valley, where he has been for about a week.

## INFANTILE PARALYSIS CARRIED BY FLIES

Prof. M. J. Rosenau of Harvard recently announced that he had apparently succeeded in transmitting infantile paralysis from monkey to monkey through the agency of the biting stable-fly. Confirmation of Rosenau's work has just appeared in an article by Anderson and Frost in the U. S. Public Health Reports. These authors report that they were able to transmit infantile paralysis to monkeys through the agency of the flies and to transmit the infection to a fresh monkey with the emulsion of the cord of one of the animals infected by the flies.

One point of especial interest in the results reported by Anderson and Frost is the period elapsing between the first exposure of flies to the infected animal and the development of the disease in healthy animals, the shortest period being seven days, which is shorter than that found by Rosenau in his experiments.

These results, in confirmation of those announced by Rosenau in Washington, would seem to demonstrate conclusively that infant paralysis may be transmitted to monkeys through the agency of the stable-fly. It remains, of course, for further work to determine whether this is the usual or the only method of transmission.

This early confirmation, says The Journal of the American Medical Association, while too late to be of great value in attempts to control the disease in the United States this year, will undoubtedly result in efforts by health authorities in localities where infant paralysis has prevailed, to eliminate the stable-fly and to prevent its access to any persons suspected of having infant paralysis.

## A SURFEIT OF POLITICS

Politics and political discussion is educative, and the American voter by this time ought to be entitled to his doctorate of advanced learning in this subject.

The big metropolitan newspapers have been printing daily anywhere from 19 to 29 columns about it, exclusive of paid advertising. In the smaller journals, not merely is much space given to general politics, but John Smith and Thomas Brown have been issuing fervid appeals to their neighbors, setting forth the reasons why they should be honored with legislative and other positions of trust. The amount of printing matter distributed during this campaign regarding politics is beyond the powers of the human mind to understand. It is safe to say that the average daily newspaper has printed seven columns of 1200 words each for a period of 180 days, that the average weekly has printed five columns of 1200 words each for 26 weeks. Multiply one total by 2600, about the number of dailies, and the other by 18,000, about the number of weeklies, semi-weeklies, and tri-weeklies, and the astounding total of 6,739,200,000 words is shown from the newspaper press alone.

This very conservative estimate does not include the enormous amount of paid newspaper advertising, the great amount printed in magazines, and distributed in circulars, through the mail and otherwise. This would not allow for the general news of governmental activities, but simply the discussion of merits of candidates and platforms for the election of 1912.

Only a small amount of time is given by the ordinary man to reading the entire newspaper. When you divide ten columns of finely printed matter up among the voters' hasty ten minutes, it is to be feared when Mr. voter comes up before the examiners for his degree as Doctor of Politics, that he will fall down on some simple query.

As a whole the discussion had untold value. Millions of voters know a lot more about economic theory and the personalities of the great men of our times than they did six months ago. But like the boy who has been kept after school all the term to get extra lessons, they feel anxious to get out on the playground again, and will welcome other themes in the headlines.

## THE BLAZE ON THE HEARTH

One of the pleasures of the autumnal season is the invitation it offers for the cheery flame and rosy coals of the hearth fire.

It signifies no little fault of imagination that so many homes are built today without the provision for the open fire. The average moderate priced home in any Southern Califor-

nia city contains no fire-places, only provision for one of the modern systems of central heating.

The utilitarian and materialist sees little use in a hearth fire. It delivers much of its heat up chimney, it requires constant totting of wood from the gloomy depths of the basement.

But when did you ever sit down for an hour of delectable contemplation before an air tight stove? When was a group of congenial spirits ever stimulated to the sparkle of light conversation as they sat gazing at the dismal maw of a hot air furnace?

The fire on the hearth is for both men and women much the same that the habit of smoking is for men, only without any of the ill effects which follow the habit named. The dancing flames of the open fire affect another sense in much the same way, and stimulate all vivacity of talk and freedom of expression.

A friend who sat by a hearth fire the other night in a dreamy mood, remarked on the pleasure of the "flashes of silence" which occurred as friends contemplatively watched the flames. He hastened to explain that he was not sick of talking. But even when all possible subjects had been discussed, there was happiness in the mere idle charm of the glowing coal. There was a suggestion of romance in the flickering shadows which laid its spell over the tired man, and made either speech or silence equally healing.

## UGH! HOW CHILDREN HATE CASTOR OIL

Delicious "Syrup of Figs" Best to Cleanse Their Little Clogged Bowels

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package. By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.—Advertisement.

## RAILROAD COMMISSION GOES AFTER ANOTHER BIG MONOPOLY

San Francisco Bulletin: California's railroad commission is bringing out some interesting facts about express rates. Already it has shown that the charges imposed in this state are double those collected for the same service in Alabama, Illinois, Missouri, New Hampshire and South Dakota. Comparisons have not been made with other states, but there is no reason to believe they have been less favored than the commonwealths mentioned.

In the language of the street, California has been a "good thing." Here the charge on a hundred pounds for fifty miles varies from 65 cents to \$1. In South Dakota the charge is 35 cents. There the rate for a hundred pounds for 100 miles is the same as for fifty miles. No other state whose rates have been compared with ours has a rate in excess of 75 cents. In California the charge sometimes runs

as high as \$1.75.

South Dakota's rate for 200 miles is 70 cents a hundred-weight. Missouri presses this figure to \$1.30, but it remains for California's express monopoly to boost the price to a minimum of \$2.25 and a maximum of \$3.25.

Incidentally, it was not necessary to go outside of the state to find evidence of discrimination. For instance, the merchandise rate between Lincoln and San Jose, 150 miles, is 70 cents, while between San Francisco and Sherwood, an equal distance, the rate is \$1.70.

The investigation is still on, and other interesting revelations are sure to follow. "In the end the railroad commission, living up to its well established record of compelling public service corporations to give the public a square deal, will bring about a reduction that will result in a large annual saving to the people.

## GETTING HIGH PRICED EGGS FROM HENS IS MATTER OF FEEDING

(By RALPH D. TREES of Garden Grove, in Garden Grove News).

Eggs forty-five cents a dozen! Doesn't it make your heart sick to see most of your hens only partly moulted, and some even in full moult—as to their laying not yet or soon?

When we find our flock in this condition this time of year, we are ready to blame either the breed or strain. To a certain extent this would be a mistake—for while it has been proven beyond question that a standard bred hen of a laying strain will give far more profit to her owner than the mongrel bred hen will, still almost any hen will be laying now if she has been properly conditioned. For the care and feed that a hen receives out-balances her breed and strain as far as her capability to produce eggs at this time of year is concerned.

To be getting eggs now, you should have been preparing your hens about the first week of June. To condition them you should have taken the birds you wished for autumn layers and shut them up preferably with runs in which to exercise. I would suggest you select only the largest, youngest and best conditioned ones. After separating them, cut down their grain feed to one-fifth the first day, and one-tenth the second, and practically none after that.

But be sure they have all the green feed they will eat at all times. They will stop laying in about a week, some in less time. They will now lose some weight, and will begin to drop their feathers. In from ten days to two weeks after starting, you should watch carefully and as soon as you find a hen beginning to show new feathers put her in another yard and begin feeding her heavily of the following grains: Wheat, corn, buckwheat, millet seed, kaffir corn, oats, and about one-tenth of it by measure of sunflower seed. And keep the following mash before them all the time: By weight, two parts bran, one part ground oats, one part feed meal and beef scrap 15 per cent. Also keep grit charcoal and fresh water before them at all times.

As soon as the hens are put on full ration the feathers will fall out rapidly, some becoming nearly naked. Now is the time to see that they are free from lice, and have plenty of scratching material to work in for all their grain. When they have begun to lay gradually reduce the feed-making material in their feed until you are feeding their regular ration. If this program is followed your hens will be in full laying condition in plenty of time for high priced eggs.

## POWER COMPANY ASKS FOR EAGLE ROCK PRIVILEGES

SAN FRANCISCO, Nov. 12.—The Pacific Light and Power Corporation filed application with the railroad commission for permission to purchase the electric distributing system of the Eagle Rock Water Company of Los Angeles County for \$22,500. The Pacific Light and Power Company, asked to be allowed to extend its electrical system in Eagle Rock.

The railroad commission has issued an order extending the date of the warehouse rates to November 16. The commission has also issued an order extending the effective date of the recent case ruling until December 6.

## CUPID'S CAPTIVE

W.O. Hart, Newspaperman and Royal Good Fellow Won by Charming Orange Girl

"The Boss is Roped." Under that heading the Orange News yesterday told of the wedding in San Diego of Miss Elsie Clough and William O. Hart, editor of the Orange News.

After the ceremony, Hart telegraphed his associates on the News as follows: "Married 10:30 at Presbyterian chapel, Rev. Martin. Demand position next pure reading matter."

The editor's associates put "the story" on the front page, headed it "The Boss is Roped," put a triple-deck head and "writ' em up," ending the report with this comment: "True professional instinct no doubt prompted the telegram which 'demanded' space next to pure reading matter, and by the same token he is getting it—good and plenty."

Mrs. Hart is the daughter of Mr. and Mrs. Charles A. Clough of Olive, well known residents of that section. She was born at West Orange, where her father was one of the well known pioneer ranchers. Hart, a capable newspaperman, a crisp and entertaining writer and an all-around good fellow, adds a lovely, good-looking, popular wife to his resources.

His good nature and genial smile are proverbial, and now none need fear but what that smile will ever be the kind that won't wear off. The bridegroom is the son of Mrs. Morey of North Glassell street, Orange.

—O—

**Thank Offering Tomorrow**  
Tomorrow, Nov. 13, the annual Thank Offering of the First Presbyterian church will be held at the church, beginning at 2:30 o'clock in the afternoon.

Dinner will be served from 5:30 to 7:30 and all friends and members of the church are invited to attend this dinner which always takes on the form of a real family affair. The thank offering will go direct to Mission work.

In the evening an excellent program has been arranged, which it is hoped will be enjoyed by many.

—O—

**A Son in the Family**

Carl Barkow, formerly connected with the mechanical department of the Register, and now with the San Bernardino Sun, is the happy father of a baby son, Harold Wilson Barkow, born Thursday, October 31. He is an eight-pounder, fat, healthy and possesses a good, sound pair of lungs with the aid of which he lets his wishes be known without any trouble. He is said to be a handsome baby, resembling both his father and mother.

Mr. and Mrs. Barkow have the hearty congratulations of their Santa Ana friends on their new happiness.

—O—

**Birthday Dinner**

A few days ago a very pleasant affair occurred at the home of Mrs. Hannah Dwyer, 617 Hickey street, in honor of her 72nd birthday. A goodly

number of Shiloh Circle, G. A. R., of this city, with a few of Mrs. Dwyer's neighbors and friends, met at her residence and with her prepared an excellent noon dinner which all enjoyed.

After dinner the company engaged in a few hours of social conversation and then retired, wishing her many returns of the happy day.

—O—

**Gilbert Dinner Party**  
Mr. and Mrs. E. S. Gilbert entertained last night with a pretty five-course dinner in honor of Miss Gladys Harrison who is to be married on Thursday to Mark Menges.

Covers were laid for six and the dinner table, the arrangements of which had been supervised by Mrs. Gilbert, was exquisitely appointed. Delightful Cecil Bruner roses were used so effectively in decoration by Mrs. Gilbert, that like the dinner itself, the result approached perfection.

Miss Harrison has been honored by many delightful courtesies within the last few weeks complimentary to her approaching marriage.

—O—

**Missionary Meeting**  
The ladies of the Woman's Missionary Society of the First Christian church will meet tomorrow afternoon at 2:30 o'clock at the church. All women are cordially invited to be present.

—O—

**Good-bye Party**

The Beroan Sunday school class of the First Methodist church will have a good-bye party at Miss Lou Wickesheim's home, 822 F street, Wednesday evening, Nov. 13. All members are cordially invited, especially new members.

—O—

**Sunshine Society**  
The regular meeting of the Sunshine Society will be held Wednesday, Nov. 13, at the home of Mrs. Kroll, 1523 Spurgeon. It is desired that all finished work be brought to this meeting.

—O—

**Ebbel Music Section**

This section of the Ebbel Society was delighted yesterday to greet Miss Charlotte S. Dresser in her capacity as curator of the section, a position she only lately consented to take. The members of the section met at the home of Mrs. H. G. Hull on North Main street to study the "Music of the Bible."

The program was opened with a lecture on the topic by Miss Dresser, who talked in entertaining and instructive fashion on a subject comparatively little studied. The music of the Bible was illustrated by two ancient Hebrew melodies sung by Mrs. Ella I. Fyfe and Mrs. Fred Rafferty. In contrast, modern sacred music was illustrated by two beautiful duets, "The Lord Is My Shepherd" (Smart), sung by Misses Meme Havens and Faith Shaw, and "I Will Lift Up Mine Eyes," rendered by Mesdames Fyfe and Rafferty.

A goodly number of the members were in attendance and the meeting was greatly enjoyed. The future meetings of the section will be looked forward to with a large degree of pleasure, as Miss Dresser has arranged to give a lecture on whatever may be the topic of the afternoon.

—O—

**Guests at Davis Ranch**

The teachers of the Egan Dramatic School, Los Angeles, were the guests over Sunday of Miss Helen Davis at the A. L. Davis ranch. Miss Helen is a pupil at this famous school of dramatics, the students of which made such a success as woodland players during the last season.

—O—

**Travel Section to Meet**

The Young Lady Travelers will meet with Miss Ava Wells, 617 East Fifth street, tomorrow afternoon.

## DOUBLE SURPRISE

Mrs. Meacham's Happy Day Yesterday With a Trip, a Party and a Gift

Mr. and Mrs. Clarence Meacham spent yesterday in Los Angeles to celebrate Mrs. Meacham's birthday. When they returned here they went immediately to the home of their daughter, Mrs. Bradford, for supper in response to invitation. On going to their own home later, they went unexpectedly into the darkened house only to be greeted by the sudden turning on of the lights which revealed a merry company of friends and neighbors who had gathered to surprise them. A merry evening of games and music followed by the singing of some pretty solos by Miss Easton. At the close of her last song, the dining room, darkened, was thrown open only to be illuminated immediately, disclosing a table beautifully adorned. A big birthday cake, set with candles for the number of Mrs. Meacham's birthdays, held the center of the table. The company assembled and as the candles were blown out each made a good wish for Mrs. Meacham, who then cut the cake which was served with delicious ice cream. Later a handsome carderole was given to the honored lady by her guests, Prof. Beswick making the presentation speech.

Those in the company were Mr. and Mrs. J. M. Cain, Mr. and Mrs. Oscar Witt, Mr. and Mrs. J. S. Collins and Miss Blanche Collins, Mr. and Mrs. Robert Paine, Mr. and Mrs. J. Warner, Mr. and Mrs. M. L. Lane, Mr. and Mrs. W. W. Halesworth, Mr. and Mrs. H. C. Nelson, Prof. and Mrs. V. L. Hughes, Mr. and Mrs. Will Merigold, Mr. and Mrs. Chas. Remsburg, Prof. and Mrs. Beswick, Mr. and Mrs. K. B. Pierce, Mr. and Mrs. A. C. Bovens, Mr. and Mrs. C. A. Hunt, Mr. and Mrs. J. R. Elliott, Mr. and Mrs. Hal Bradford, Mr. and Mrs. F. L. Stillings, Mr. and Mrs. Jesse Meacham, Miss Easton, Miss Atha Meacham, Mr. Wallace.

—O—

**HERMOSA'S EVENING**

Pleasant Entertainment Given for Friends of Eastern Star Chapter

The auditorium of the Masonic Temple was well filled last night by the friends of Hermosa Chapter to listen to a delightful program and to enjoy an evening of progressive whist.

Among those on the program was Mrs. James S. Rice, who very charmingly sang "Dreams" (Streletska), "Annie Laurie" and "The Rosary," the latter by request. She was accompanied by her son, James Willis Rice, on the violin, and Mrs. Padgett on the piano. Mrs. Rice received a beautiful bouquet from the chapter in token of appreciation. Mrs. Balderston making a happy presentation speech.

Percy Rice sang pleasingly, his numbers being "Love's Sorrow" (Shelley) and "Drink to Me Only With Thine Eyes."

Mrs. William Crose and Mrs. C. F. Crose delightfully rendered a duet, "Tell Me, Ye Merry Birds" (White), responding to an encore with a humorous number.

James Willis Rice was very satisfying in his violin playing, giving "Schubert's Serenade" and "The Flirt," the latter of his own composing. Ernest Crozier Phillips excelled himself in "The Soul of the Violin," giving "Compensation," written by his sister, Miss Phillips, and two humorous selections as encores.

Mrs. A. J. Padgham, played a charming piano solo.

Sixteen tables of players engaged in whist after adjourning to the parlors, which were beautifully decorated with chrysanthemums and festoons of greenery. Fruitade and waters were served during the evening.

Mrs. O. M. Robbins was chairman of the committee on entertainment and the Misses Tiede had charge of the decorations.

**Vandermaast & Son**  
Always Reliable.

be was the guest of honor on Saturday night at a party given for her at the home of W. W. Perkins, 806 Spurgeon street. The complimented guest

was Miss Elva Witt, who is to be married on Nov. 21 to Floyd Elliott, and the hostesses were Misses Winifred Perkins, Anna Clark and Lois Park. The parlor and some of the other rooms were decorated with baskets of chrysanthemums and ferns, while a great cobweb fashioned of yellow ribbon and suspended from a silver horseshoe was the interesting decoration of the back parlor. Yellow ribbons led from the cobwebs to many mysterious packages concealed in as many mysterious places, and Miss Witt had to follow her silver guides to the hiding places before she could achieve the gifts showered upon her by the nearly a dozen close friends who were present.

A game of hearts was played, as well as other merry pastimes. Music, however was the leading feature of the evening, several of the girls playing instrumental numbers, and Miss Anna Clark singing a number of solos. A four course supper was served in the dining room, the yellow color scheme being carried out in the refreshments as well as the table decorations, the chief of which was a rustic basket filled with chrysanthemums as a centerpiece.

Besides the hostesses, Misses Perkins, Clark and Park, there were present the following: Miss Witt, the guest of honor; Miss Lois Lentz; Misses Ethel Ensign, Olive Clausen, of Santa Ana; Misses Lucie Northcross and Mildred Buchanan, of Orange, and Misses Margaret Park and Jess Barnard of Los Angeles.

—O—

**Much Fumigation**

Riverside Press: County Horticultural Commissioner Cundiff reports that more fumigation is being done in the valley than in any former season. The summer was very favorable for scale development, and the scale multiplied with great rapidity. There are 1500 fumigating tents in use, and even with this number very favorable weather will have to obtain in order to allow the fumigators to complete their work.

## Personals

Mr. John Sebastian has returned from a month's visit to her mother, who lives in Tennessee.

J. P. Baumgartner and Wm. Wollaston of Santa Ana registered at the Hotel Argonaut, San Francisco, on Nov. 10.

Mrs. S. M. Dearing of Orange went to Los Angeles this morning to attend a Clinch given by the wives of Episcopal clergymen in the Los Angeles diocese. The affair was held in the Y.W.C.A. rooms.

Mr. and Mrs. E. D. Burg were Los Angeles visitors for the day.

R. R. Raymond had business which took him to the Angel City this morning.

Mrs. W. G. Gould and Miss Elsie Wingood spent the day in Los Angeles.

Mr. and Mrs. G. P. Hill and little Miss Phyllis Hill left on an early train this morning for Hemet so that they might have a day's visit with their relatives, the McDowells, before the opening of the Santa Ana Valley Baptist Association meeting in annual convention this evening in that city.

Mrs. C. Glessner spent yesterday in Santa Ana and at Hewes ranch. Mrs. Glessner only recently returned from San Francisco to her home in San Bernardino.

Mr. and Mrs. Walter C. Powers and daughter Ethel from Netawaka, Kansas, are visiting at the home of Jay W. Powers, 336 East Pine street.

Mrs. Chas. Maddux and little son Clinton of Los Angeles, are down for a few days visit at the G. R. West home.

Superintendent of City Schools J. A. Cranston left last evening for Santa Barbara, where he spoke this afternoon before the county teachers' institute. He returns tomorrow.

—O—

**WILSON TO NAME BLOUNT AS PHILIPPINES GOVERNOR**

WASHINGTON, Nov. 12.—Judge James H. Blount of Georgia will be Wilson's choice as governor general of the Philippines to succeed Governor Forbes, according to report today. Blount served as a volunteer in the Cuban and Philippine campaigns.

## "THE GIRL FROM U.S.A." AT GRAND LAST NIGHT

That Manager N. A. Ulm has brightened the interior of the Grand Opera House preparatory to the season's run of good shows, begun recently, was evidenced last night even to the casual observer who attended the production of "The Girl From U. S. A." The seats have been retained and interior decorations made to look like new. From the day Manager Ulm took control of the opera house he has endeavored to make it more pleasing to his patrons, and the degree of his success has been great.

"The Girl From U. S. A." was presented by a small company and judging from the applause the audience was well pleased with the production. Among those interested in shows coming this way the central theme just at present is Valeska Suratt, said to be the most beautiful woman on the American stage, and her fine company. Miss Suratt is to be at the Grand on November 20.

**WILL IMPROVE ITS PROPERTY**  
Orange News: The finishing touches were given Saturday to the block of paving on North Atchison street between Chapman and Maple avenues. With its completion an unbroken line of asphalt connects the business district with the Santa re station, and the appearance of the town from the view point of the traveler stands greatly improved.

This will be further advanced by other work which is contemplated by the railroad company in the way of improving its property around the station. Negotiations have been started with the L. A. Paving Co. with a view of grading up the Santa Fe property adjoining Atchison street and making a smooth driveway to the depot.

It is expected that the work will commence very soon. The driveway will be filled with sand, with an application of oil, the combination of which will furnish an excellent surface.

Florence Thayer McClay, who is "Rhy MacChesney" in "The Three of Us."

**THE LITTLE LEADING LADY**

Florence Thayer McClay Makes Rhy MacChesney Appealing Study

Whether in amateur or professional work it seldom falls to the lot of an actress to play a more vitally sympathetic character than that which Florence Thayer McClay has in "The Three of Us." The part of Rhy MacChesney is one so human that it almost plays itself. That is, the young actress plays it in such a manner that "naturalism" is almost the only word one can use in describing her method.

Florence Thayer McClay is remembered for her delightful work in such widely differing plays as "Cab 71," "Her Own Way," etc. She has become one of the best liked amateur actresses of this city. Her intelligent reading of lines and the winsomeness of her personality cause the public to look forward eagerly for each opportunity to see her on the local stage and as Rhy MacChesney she excels herself.

After a month of steady, painstaking rehearsals, under the guiding hand of Herman Reuter, the company of young actors has become so proficient in the reading of the lines of "The Three of Us" that the entire performance, at the Grand Opera House Wednesday, November 13, will go with a vim seldom seen in amateur work. Reserved seats at Rowley Drug Company. Prices 25c, 35c and 50c.

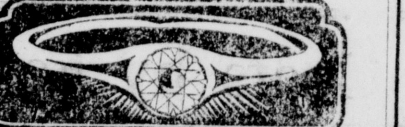

**NO HOME TELEPHONE FOR S.A.V.I. OFFICE**

ORANGE, Nov. 12.—The City Trustees last night denied the petition asking that the Home Telephone Company be allowed to run a line from the Santa Ana central to connect with the Santa Ana Valley Irrigation Company's office at Orange.

## DANA BARTLETT IN BROADER WORK

Retires From Superintendency of Bethlehem Institute to Write and Speak

Los Angeles Examiner: Rev. Dana W. Bartlett has retired as superintendent of the Bethlehem Institute to devote his entire time to constructive and preventing work, he announced last night. Rev. B. H. Reuter will fill the vacancy.

Mr. Bartlett said: "The Bethlehem Benevolent Board has made it possible for me to devote my entire time to constructive and preventive work, in order to make this a city without a slum. The new department, of which I am superintendent, is known as the Bethlehem Better City Department."

"My time will be given to writing on social subjects, addressing schools, clubs, churches and other organizations on such subjects as city planning, housing, immigration, the new justice, social centers and the new professions."

"Plans have been made for the extension of the work by adding a much needed home for women and girls, who are in financial distress. Money is now sought for the purchase of a building for this work and its maintenance. I hope that there may be many who will be interested in giving liberally to this cause. Please remember that in the present, as in the past, Bethlehem needs the gifts of its philanthropic friends."

## REFEREE HAS MADE FINDINGS

Judgment in Suit of Orange Growers Against Gilman to be Entered Soon

Attorney Steele Finley, as referee in the suit of M. P. Westcott against E. L. Gilman and Edward Peycke Co., today filed his report with the superior court. Judgment is to be entered within a few days, and if the report is followed, as it probably will be, the orange growers will get what they sued for.

Gilman brought suit for himself and a number of other orange growers of the section northeast, east and southeast of Orange. They had delivered their oranges to E. L. Gilman, a packing-house man of Orange. Gilman went into bankruptcy, and for a time it was feared that the growers would get but a few cents on the dollar for their oranges. Investigation proved that Gilman was but an agent of Edward Peycke Co. of Los Angeles. The growers got together and employed Attorneys W. H. Thomas and Scarborough & Forgy to make their fight. The hearing was before Judge West, who received evidence upon the question as to whether or not Gilman was an agent of the Los Angeles concern. The decision was that Gilman was an agent. Finley was then appointed to receive testimony and to report to the court the exact amount due each of the thirty-one orange growers. Judgment will be against the Peycke Co., which may take an appeal.

According to Finley's report amounts are due growers as follows: H. Hein, \$257.50; F. R. Youngs, \$55.10; J. Bargsten, \$409.80; L. J. Danner, \$141.70; Alophina Barkhaw, \$283.50; William Murray, \$321.25; M. P. Westcott, \$1643.92; J. Feldner, \$415.30; S. A. Winkleplek, \$180; C. C. Stoner, \$500; George Stoner, \$353.95; R. W. Jones, \$129.60; J. C. Thomas, \$1199.15; J. C. Ford, \$65.25; L.

W. Evans, \$300; W. J. Robinson, \$195.50; J. H. Wilkie, \$356.25; T. M. Campbell, \$218.35; G. W. Struck, \$327.80; J. H. Wilkins, \$70; O. Handy, \$147.75; R. N. Durfee, \$50.95; J. Standfield, \$400; C. P. Taft, \$55.80; J. W. Gillogly, \$46 W. E. Humphreys, \$175.70; R. F. Reish, \$9; S. P. Robb, \$76.53; H. J. Masters, \$12; Ray Billingsley, \$65.20; C. A. Palmer, \$24.71.

Today a divorce action was begun by Pearl Malcolm against Robert V. Malcolm. The woman's attorney is a woman, Lucretia H. Norman of Los Angeles. This is probably the first action begun by a woman attorney and filed in this county.

STIMSON TO VISIT CANAL  
Secretary of War Starts for Panama to Gather Data for Annual Report

WASHINGTON, Nov. 12.—Secretary of War Stimson left today for New York to sail for Colon to inspect the Panama Canal as a basis for the recommendations he must make to Congress in his annual report.

He expects to return to Washington by the time Congress reassembles.

## Parisian Sage For Women

Madam: Do You Want an Abundance of Lustrous Hair With no Dandruff or Germs?

Before you finish one bottle of delightful PARISIAN Sage hair tonic, falling hair will cease; scalp itch will be but a memory and all dandruff will vanish.

Besides this your hair will be free from dandruff germs, and PARISIAN Sage will so nourish the hair roots that the hair itself will become full of life and nature's own radiant color.

PARISIAN Sage is not a dye—it does not contain dangerous lead or any other poisonous ingredient. For your own protection ask for PARISIAN Sage and request your dealer not to give you any preparation containing Lead or Nitrate of Silver. Large bottle of PARISIAN Sage costs but 50 cents at dealers America over. The Rowley Drug Company guarantees it.

# False Report Denied

In regard to the report that I have gone out of the electrical business and left town, I wish to say that it is an absolutely false report and that I have never entertained such a thought. I have too many friends in Santa Ana to think of leaving.

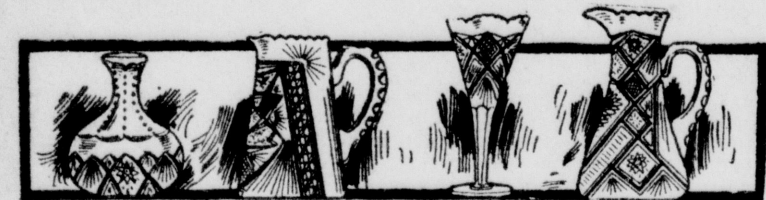

## Now Located at 305 North Main

I have leased the building now occupied by the Western Union Telegraph Company, at which place I am now located in the office with said company. I expect to have entire building in a short time. Will put in a complete, new, up-to-date line of Electric Fixtures and supplies. All electric wiring done on short notice and absolutely guarantee all work to be satisfactory.

Call me up, estimates furnished. Same telephone numbers, Main 134, Home 138.

## HENRY VAN DYKE TO DELIVER LECTURES

Occidental College Head Plans to Have Author Heard in City and Near-by Towns

Los Angeles Express: Los Angeles this winter is to have lectures by Henry Van Dyke. President John Willis Baer of Occidental College is arranging for Dr. Van Dyke's itinerary here and at a number of the near-by towns.

A special feature of his visit is a lecture to be given in the Auditorium under the auspices of the Occidental College extension course. To this lecture will be invited the upper classmen of all the high schools in and about Los Angeles and the teaching force of these high schools. This is to be a complimentary entertainment which is given annually by Occidental College to the high schools.

Dr. Van Dyke will arrive some time in February and it is expected that Mrs. Van Dyke will be with him. It is hoped by Occidental faculty men that their stay in Southern California will be prolonged for at least two months.

President Baer announces his list of subjects as: "Tennyson," "Browning," "Robert Louis Stevenson," "The Poetry of Patriotism and Democracy" and "The Moral Law of Art."

## CRANK ARRESTED

Hoosier Who Attempted to See Taft to Get Him to Lower Living Cost, is in Custody

WASHINGTON, Nov. 12.—A man claiming to be Jesse Bowdell of Silverwood, Ind., who insisted on seeing President Taft to get him to lower the cost of living was taken into custody at the White House yesterday. He was unarmed and will be held for examination. The prisoner told the police he had tried to see Secretary Knox of the State Department and James Bryce, the British Ambassador.

WILLIAM FLINN, SICK BULL  
MOOSE, COMING TO COAST  
PITTSBURG, Nov. 12.—Speaking from platforms has crippled William Flinn, Bull Moose leader. Flinn's vocal chords are paralyzed. Specialists are in doubt as to the exact nature of the malady. Last night Flinn started for California, where he will be the guest of Governor Hiram Johnson for about three weeks. Using pencil and paper, Flinn explained his inability to be interviewed.

## BLANCHE RING WEDS

Successful Actress Notifies Friends That She is the Wife of Chas. J. Winninger  
NEW YORK, Nov. 12.—Blanche Ring, the actress, is married. From Worcester, Mass., where she is now playing "The Wall Street Girl," she notified friends in this city yesterday that she is now the wife of Charles J. Winninger of Wausau, Wis. He has a minor part in her company.

## "LEFTY LOUIE" MAY CONFESS TO SHARE IN ROSENTHAL CASE

NEW YORK, Nov. 12.—With the jury box filled, taking the testimony in the trial of the four New York gunmen charged with the actual slaying of Gambler Herman Rosenthal, started today. Although verification is impossible, it is intimated about court that "Lefty Louie" Rosenberg, one of the defendants, is contemplating confession and taking the stand against his companions.

## WILL ORGANIZE A COUNCIL OF BOY SCOUTS!

Proposed Constitution and By-Laws Outline Work That is Planned to be Done

At the meeting Wednesday evening, Nov. 13, in the United Presbyterian church it is planned to organize a local council to promote the Boy Scout movement in Santa Ana and vicinity. This meeting is open for both men and women and all interested in the welfare of the boys of the community.

At this meeting it is expected to have the ideas of the Boy Scout movement presented by representatives of the schools, the churches, and the Y.M.C.A., after which the committee on organization will present a proposed constitution and by-laws to be voted on. After this the members of the council will be elected.

The proposed constitution and by-laws for a local council of the Boy Scouts of America in Santa Ana follow:

**ARTICLE I.—Name.**  
The name of this organization shall be the Santa Ana Council of the Boy Scouts of America.

**ARTICLE II.—Object.**  
The object of the organization shall be to promote the general welfare of the Boy Scout movement within Santa Ana and vicinity, under the direction and with the co-operation of the National Council of the Boy Scouts of America.

**ARTICLE III.—Membership.**  
This Council shall be composed of 59 members, representing the civic, business, educational, philanthropic, religious and other interests of Santa Ana and vicinity.

**ARTICLE IV.—Officers and Elections.**  
Section 1.—The officers of the Council shall consist of a president, vice-president, secretary, treasurer, and Scout commissioner.

Sec. 2.—The regular election shall be held at the annual meeting to be held on the third Tuesday of November in each calendar year, and all officers shall serve until the next annual election or until their successors have been elected.

Sec. 3.—Any vacancies occurring in the membership of the local Council or in the offices thereof may be filled temporarily by the executive committee, but shall only be filled permanently by action of the Council.

**ARTICLE V.—Meetings.**  
Section 1.—The Council shall hold two stated meetings in each calendar year, on the third Tuesday of April and November, and the meeting in November shall be the annual meeting of the organization.

Sec. 2.—Due notice of all regular meetings shall be sent to all members of the Council.

Sec. 3.—Special meetings of the Council may be called by the president upon his own authority and shall be called by the president and secretary upon petition of any five members of the Council, provided that notice in writing be given each member not less than two calendar days before such meeting.

Sec. 4.—A quorum shall consist of ten members.

**ARTICLE VI.—Committees.**  
Section 1.—The standing committees shall be an executive committee, a finance committee, a nominating committee, and a court of honor.

Sec. 2.—The executive committee shall consist of the officers of the Council, who shall serve respectively as chairman, vice-chairman, and secretary of the committee, together with two other members elected at the regular annual election.

A quorum of the executive committee shall consist of four members.

The duties of the executive committee shall be as follows:

(a) To pass upon the qualifications of Scout masters and assistant Scout masters on recommendation of the proper authorities in charge of local troops.

(b) To register troops, patrols, and scouts.

(c) To award badges and other honors on recommendation of the court of honor.

(d) To recommend lines of instruction in scoutcraft to scout masters.

(e) To represent generally the Council in the supervision and protection of the scout movement in Santa Ana and vicinity.

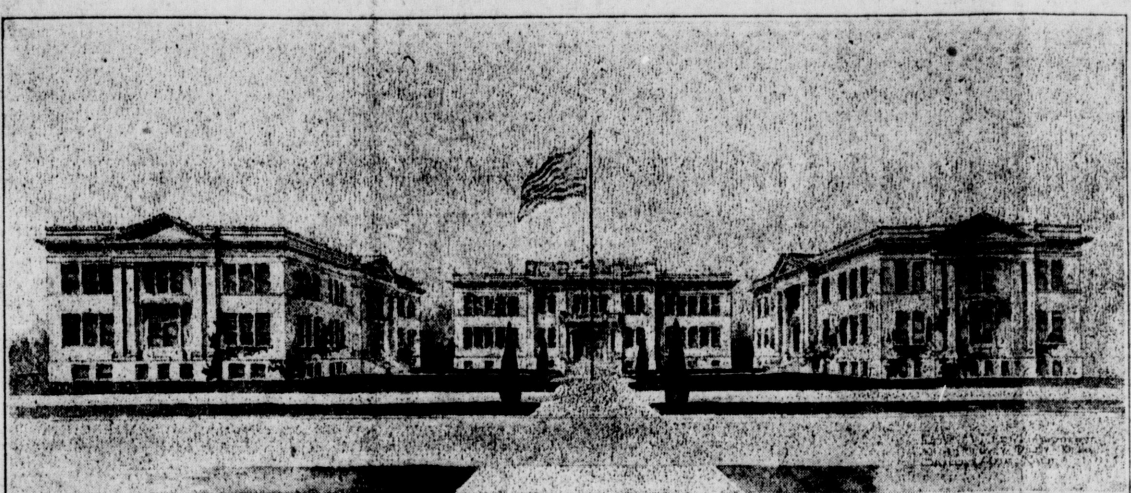

Sec. 3.—The finance committee shall consist of three members appointed by the president, of which the treasurer shall be ex-officio chairman.

The finance committee shall have charge of raising funds for the expenses of the Council, and shall approve all expenditures.

Sec. 4.—The nominating committee shall consist of three members of the Council appointed by the president not later than one month before the annual meeting.

The nominating committee shall name a president, vice-president, secretary, treasurer and two additional members of the executive committee to be placed in nomination at the annual election, but the Council shall have the right to nominate and elect any other persons.

Sec. 5.—The court of honor shall consist of five members appointed by the president, of which the scout com-

PERSPECTIVE OF THE POLYTECHNIC ADDITION TO THE ORANGE UNION HIGH SCHOOL.

## Splendid Additions Planned For Orange Polytechnic High School

An extremely handsome, as well as practically useful group of buildings will be that forming the Orange Polytechnic High School, when the additions which are now in contemplation are completed. They are to be built with the \$50,000 bond issue recently voted.

The present high school building is to be used for the nucleus of the group, and a large new building is to be erected on each wing. The north building, the one on the left of the picture, will be 60x100 feet, containing two stories and basement. The first story is to have a finely equipped mill and machine shop with about twenty benches. It will also have a dry-kiln, paint room, and a display room. The second story will be devoted almost entirely to the commercial department, of which a feature is to be made in this school. In the basement of the building a foundry may be installed.

The south building will be devoted principally to music and domestic science. On the first floor there will be a large music room, with a smaller one devoted to oral expression, while the rest of the floor will be devoted to the cookery department. On the second floor will be laboratories, lecture room, sewing room, fitting-room, etc. The basement will be laid out so that a gymnasium may be installed, with showers, lockers, dressing-rooms and other conveniences.

The buildings are to be of classic design, with brick walls and plaster exterior, and when finished will be as modern and complete as any similar institution in the county. Plans for the building are now being prepared by Architect Frederick H. Eley of this city.

missioner shall be ex-officio chairman. It shall be the duty of the court of honor:

(a) To administer the tests and oaths of membership in the Boy Scouts of America.  
(b) To administer the tests for all other honors and awards.  
(c) To pass final judgments on appeals from scout masters' decisions.

Sec. 6.—All committees shall serve until the succeeding annual election or until their successors shall have been appointed.

**BY-LAWS**  
Article 1.—The activities of the Boy Scouts under this local Council shall be those that have been laid down by the National Council in the Handbook for Boys, Scoutmaster's Manual and official bulletins of the Boy Scouts of America.

Article 2.—The minimum age of the boy scout shall be twelve years.  
Article 3.—The advancement of a boy scout from one degree to another and the winning of merit badges shall be strictly in accordance with the requirements of the official manual.

Article 4.—The Scout Oath and Scout Law as laid down in the Official Manual by the National Council of the Boy Scouts of America, shall be strictly adhered to, and willful infringement of the same shall be regarded as sufficient ground for the removal of a boy scout or scout master.

Article 5.—The official uniform shall be that which has been adopted by the National Council of the Boy Scouts of America.

Article 6.—The motto of the Boy Scouts of America, "Be Prepared," and their badge, a fleur-de-lis arrow head with a shield and the American eagle superimposed, with a scroll upon it with said motto, "Be Prepared," shall be the motto and the badge of this Council.

Article 7.—The activities of the boy scouts shall be conducted along the following lines:

1. The religious instruction of the boy shall be left to the church or institution of which he is a member or an adherent.

2. The activities of the boy scouts shall be peace scouting in character.

Article 8.—Reports of the work of this Council shall be sent to the National Council of the Boy Scouts of America on request.

Article 9.—These by-laws may be amended by a majority vote of the members present at any meeting, provided that at least one week's notice of the proposed amendment shall be given to all members.

## SOLDIERS HOME ARE LOYAL TO EMBLEM

Bull Moose Will Still be the  
Insignia of the Westgate  
Progressive Club

SOLDIERS' HOME, Nov. 12.—The result of the election does not affect the Westgate Roosevelt Progressive

Club. The members are proud of the way they voted," declared Colonel Thomas J. Thorpe, president of the club. "Considering the fact that the ages of members ranged from sixty-three to more than 100, we have some justifiable pride in the majority that we gave for Roosevelt and Johnson in every one of the six home precincts and also at the Westgate polling place.

"We present a united front and can be brought together at any time upon call. The Bull Moose emblem will not

be thrown away. The campaign is closed with the club out of debt."

The member of the club who is more than 100 years old, to whom Colonel Thorpe referred, is Lewis Stone, whose mother was a Cherokee Indian and father a Frenchman. Though he fought in two wars, the Mexican and the rebellion, Mr. Stone retains remarkable vigor and was able to attend all the rallies held by the Westgate club and some of those which were arranged by the Sawtelle Progressive Club.

## EXCITEMENT AT SESSION

Huntington Beach Officials Engaged in Lively Discussion Over Deputies

Huntington Beach News: Excitement was lent to the monthly session of the city trustees held Wednesday evening—postponed from Monday evening—by the filing of an objection by T. A. Wells to the payment of the deputies employed by City Marshal Vincent for October 31 (Hallowe'en). The heated argument which followed was participated in by Mr. Wells, City Attorney Davis, the city trustees, the city marshal and J. T. Reed, a former deputy marshal. The city attorney decided that the deputies could be legally paid, but payment of their accounts was deferred until the latter are made more specific. The discussion was decidedly acrimonious, the city marshal especially displaying much feeling in defending his appointment of the deputies. Chairman Seely of the trustees made some pointed remarks to Mr. Wells and Mr. Wells relieved himself of some equally suggestive statements in regard to the trustees. Trustee Helme gently insinuated that any man who objected to paying the deputies should hide his head in shame, but Mr. Wells declined positively to conceal his blonde head, temporarily or permanently. He merely said that city trustees should pay out the city's money only when legally authorized to do so. The city marshal's voice trembled with excitement as he declared that his appointment of the deputies had probably prevented the destruction of property here on Hallowe'en, but his remarks apparently failed to impress Mr. Wells, that gentleman seemingly being rather unimpressible. During the half hour occupied by the discussion, the audience was evidently expecting that there would be something doing, but the dove of peace finally alighted right on the head of the city attorney. The aforesaid dove, however, was almost scared away again when the city attorney decided that the marshal's son, one of the deputies, not being of legal age, could legally have no pay for his services.

The names of John McDonald, Joseph Damron and E. L. Vincent will be placed on the ballot at the "straw" election to be held on November 19.

though Mr. Damron has authorized the News to withdraw his name. E. C. Wright, H. T. Sundbye, T. R. Canady and Fritz Bruggeman will act as election judges and clerks without compensation or reward or the hope thereof, either here or hereafter.

The monthly report of the city treasurer for October showed \$2,754.17 in the general fund, \$829.43 in the salary fund, \$347.07 in the street fund, \$1.68 in the music and promotion fund and \$1,337.99 in the library fund. The report of the building inspector for October showed that six building permits were issued.

The city engineer submitted a report in regard to a sewer system for this city and the report appears on the fourth page of this issue of the News.

The report of Health Officer Shank in regard to the condition of the city's water supply suggested asking the water company not to transfer its pumping equipment from one of its wells to the other. He said that there is little difference in the water of the two wells and suggested methods of obviating whatever objections may exist to the supply as now furnished. He also asked that hereafter in laying pipes they be laid at a greater depth than heretofore.

The following report was submitted by City Engineer Fountain to the city trustees Wednesday evening:

After about two months' work and consultation with several prominent engineers, I have planned a sewer system for our city which will take care of all the houses from First street to Thirteenth street and from Ocean avenue to Palm avenue, and also all the Vista del Mar south of Indianapolis street.

The system is based on the best and latest approved standards of sewer construction and on the maximum probable usage. I have, of course, had to figure on a system that would reach from Twenty-third street south and cover what might some day be a solidly built city, and all the work here contemplated will have the facilities for extensions and capacity for a solidly built city, figuring on a house to every pair of lots and five persons to a house. On account of the houses being so far apart, it was not deemed advisable, at this time, to construct sewers any further out than herein planned.

The minimum grade allowed gives not less than one and one-half feet of sewerage, which is sufficient to prevent much collection of matter and stoppage if the sewer is properly used.

Ordinances will have to be passed regulating the use of the sewer, such as prohibiting ashes, sand, and any heavy, insoluble substances getting into it.

The outfall is planned to be at a point one-half mile from the wharf (southeast) and will be one thousand feet out to sea, and empty not less than ten feet under water at low tide. Experience has shown that this is the best method of sewage disposal, as none of the so-called purification plants are a success and are very expensive. Experiments have been made and show that sewage dumped ten feet under sea water cannot be detected on the surface over 500 feet away and is harmless.

All the sewer mains will be laid in the alleys and all manholes will also be in the alleys, so that house connections will be cheaper and our streets be saved from continual cutting up.

The entire estimated cost of the system as outlined is \$46,000.

The cost of the outfall into the ocean is \$5,400, and the outfall main, \$30,000, which will be paid entirely out of the bonds, if voted.

The cost of the main trunk is \$7,875, and the Vista del Mar main is \$2,340, which will be paid partly by bonds and partly by assessment. There being some of the laterals which are excessive size, they will also be partly paid by the bonds.

The average cost of a normal lateral proves to be, by my estimate, about fifty cents a front foot on the lots sewer, therefore I have made my estimate and report for a bond issue of \$22,000, plus the cost of right of ways for the outfall, and an assessment on all lots within the district of fifty cents a front foot.

Of course, as some engineers told me, some of my figures are high; we might get bids for 95 or even 90 per cent of my estimate price.

A fee of \$5,000, which is customary, will be charged for connecting to the sewer, which goes into the sewer fund for maintenance and cleaning.

Respectfully submitted,  
J. C. FOUNTAIN, City Engineer.

## CATHOLIC UNION FOR ERADICATION OF IMMORAL DRAMA

NEW YORK, Nov. 12.—The so-called National Catholic theater movement is expected to take definite shape here this month. The plan of organization, as officially outlined, provides for a nation-wide union for the eradication of the immoral drama from the American stage.

The organization will be governed by a national committee which will invite the formation in each city of a Catholic civic committee under the supervision of the bishop. The civic committees in each parish will form sub-committees in each city.

The opening of a theater in New York under Catholic supervision is part of the plan.

## The Kansas Tin Shop

(213 East Fourth St.)

Has sold many thousand feet of galvanized corrugated iron during the past two weeks and has a big lot left and the price is steady at 4¼ cents per square foot.

We have a large stock of cooking and heating stoves for burning coal, wood, gasoline, oil and gas, and our stock of iron pipe and plumbing goods is equal to any in Southern California.

Our stock of general hardware is equal to all the demands of this section of the state and when the demand shall have increased we shall add to our assortment of goods such things as will supply the demand.

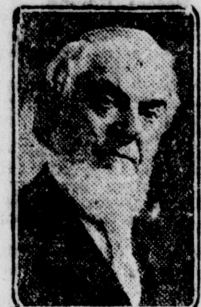

If you don't see what you want, ask for it.

S. HILL & SON.

## FOREIGN MISSIONS; MORE ABOUT THEM

### Pithy Discourse on Missions From the Bible Standpoint.

Pastor Russell Claims Report of the International Bible Students' Association Committee of Which He Was Chairman Was Too Mild Rather Than Too Severe—Committee Unanimously Stand by the Report and Challenge Criticism—The Committee's Full Report is Now Offered Free to All.

(PASTOR RUSSELL)

Ottawa, Ont., Nov. 10. — Pastor Russell as usual here had large audiences. We report one of his interesting discourses on the live subject of Foreign Missions which is stirring Christendom. His text was, "This Gospel of the Kingdom shall be preached in all the world, for a witness unto all nations; and then shall the End come." (Matt. xxiv, 14.) He said:—A year ago the International Bible Students Association sent a Committee of Seven to investigate missionary prospects in foreign lands—especially in South India, where it is making special effort. I was one of that Committee, otherwise composed of four successful business men, one doctor, and General Hall, of the U. S. A. The Committee made its report to one of the largest Christian gatherings ever held in New York City—in the Hippodrome—on March 31st. Its Report, published in pamphlet form, reached a wide circulation amongst Christian people. I am authorized to offer free, until the supply is exhausted, one copy each to all interested in Foreign Missions. Send postcards addressed to "I. B. S. A., Brooklyn, N. Y.," requesting a copy of the Missionary Report. The Committee, in preparing this Report, laid bare the facts as gently and kindly as possible.

Their Report, which many Christian people gratefully acknowledged, has irritated a few persons. These evidently feared that we have discredited their fairy tales respecting the immediate conversion of the world by human instrumentality and more millions of money. We sympathize with these enthusiasts, who seem to shut their eyes to facts, while hoping against hope to maintain exploded theories. One of these, Mr. W. T. Ellis, alias the "Religious Rambler," attacks our Report. Falsely he declares that we journeyed on the same vessel from San Francisco to Shanghai, giving the impression that we had not visited Japan at all; that we merely raced through the country, did not visit all the mission stations, nor talk with all the missionaries.

Our Report tells the facts. The Committee of Seven scattered, and spent six days in Japan, or a total of forty-two days of investigation. Our twenty-three days spent in India would be the equivalent of nearly six months' investigation by one person. We visited and interrogated the people, saw their conditions, attended meetings, etc.

As for myself, this critic charges in one breath that I did not preach the sermons which appeared in the newspapers of the world; and in the next breath that I spent all of my time in preaching, and therefore had not time for investigation. A discerning public can read between the lines of such criticism what the Bible symbolically describes as "gnashing of teeth." Our Committee took the only proper course for ascertaining the facts. Every missionary and every other person visiting foreign lands within five years, will concede that our Report is very truthful, kind and sympathetic.

Postmillennial Theories Versus Premillennial.  
Foreign Mission work taught by the Scriptures generally is wholly different from that which has been attempted during the past century, under the Postmillennial theory—that the Church is to conquer the world for Christ and to bring about a thousand years' reign of righteousness, after which Christ's Second Advent will come, and those blessed conditions obliterated by the burning up of the world. This theory, set forth in nearly all of our creeds, is supplemented by the theory that all dying in ignorance of Christ and out side of salvation, are passing to an eternity of torture.

This frenzied view, misnamed Gospel, has been presented to the heathen with little appreciable effect, just as in civilized lands. The whole theory is wrong. What the whole world needs is the True Bible Message, stripped of all the ignorance of the Dark Ages.

The Bible teaches the Premillennial Coming of Christ—that the Second Coming of Jesus must take place before His Kingdom is established in power and great glory and Satan bound. The dead will come forth. The rising Sun of Righteousness will cause the knowledge of God to fill the earth, dissolving the mists of bigotry and superstition and helping humanity back to perfection.

The text declares the preaching of the Gospel in this Age to be, not for the conversion of the world, but for a witness, to call an Elect Class from amongst mankind to be the Spiritual Seed of Abraham. (Galatians iii, 29.)

## LOS ANGELES PRODUCE MARKET

There was rather heavy demand for cheese on the market yesterday. Several sales for future delivery were made. The market gave every appearance of being somewhat weak on the local fresh product, and there was also a weakness shown in the offers for future delivery of certain eastern varieties. A considerable quantity of northern fresh cheese changed hands at 17½ cents a pound. This weakness is probably due to the heavy receipts of the past few weeks. Some eastern dairies were put up for sale at 18½ and 18, the latter figure representing offers for delivery at a future date. On this same basis some eastern horns were offered at 19½. A small quantity of Oregon triplets changed hands at 18. Receipts of cheese were 376 pounds.

As high as 37½ cents was asked for California creamery extra butter, and there is a strong upward tendency in the market. Eastern creamery butter was offered at 33 in limited quantities. Reported receipts of fresh butter were 14,262 pounds. This is somewhat below the average.

Offerings of case count eggs were made at as high as 60 cents a dozen, which is 4 cents above the prevailing quotation. This indicates considerable strength in the local fresh egg market. Reported receipts were forty-two cases.

In large quantities Australian brown onions were offered at 65 cents yesterday. Receipts were 1500 sacks. Lady Washington beans were offered as low as \$4.40. Receipts of sweet potatoes were somewhat heavier than usual, 317 sacks, but the price was quite steady. Potato receipts were 7109 sacks.

Bartlett pears were quoted as high as 7 cents a pound, or \$3 a box. The storage fruit is becoming scarcer. Bananas were also down, and it is predicted that some of the stock will be quoted as low as 3½ cents in a day or two. Receipts of apples were 7694 boxes.

—24 hours each day, 7 days each week, 52 weeks each year, always on the job. The Home Telephone Company.

No. 2 is a 10

## GOMPERS SHOWS UNIONS' GROWTH

Annual Report to Federation of Labor Meeting in Rochester, New York

ROCHESTER, N. Y., Nov. 12.—The annual reports of the president, secretary and treasurer of the American Federation of Labor were presented to the thirty-second annual convention of the organization in session opening here yesterday.

The report of President Samuel Gompers was a thorough and voluminous review of the work of the organization for the past year, particularly with regard to legislation endorsed and supported by the federation. Discussing the growth of the federation, Mr. Gompers' report set forth that during the year ended September 30, 1912, 260 charters were issued to labor organizations affiliating with the federation.

"The average membership reported, and upon whom per capita tax was paid by the affiliated organizations to the American Federation of Labor during the past year," said the report, "was 1,770,145, an increase over the number reported for 1911, which was 1,760,835. On September 30, 1912, the membership of the affiliated organizations was 1,841,268."

**Reports From Unions**

President Gompers' report included statements from the building trades, metal workers, mining, railroad employees, and union label trades departments. In the report was included a statement by Albert J. Berres, secretary-treasurer of the metal trades department, in which he said:

"The Los Angeles strike continued for a period covering more than 21 months. At the beginning of the fight organization among the workers of that city was in a deplorable condition. It is generally conceded by those who were on the ground that our fight for the shorter work day would have been won had it not been for the deplorable calamity in connection with the destruction of the Los Angeles Times building."

"Even with this handicap, after the public declaration of labor's position and attitude toward the alleged crime, there was still a chance of winning, up to the time when the guilt of the McNamaras was established by their confession. Then it was recognized that there was no chance of winning the strike or persuading the employers to make concessions."

Reviewing the legislative work of the year, Mr. Gompers set forth that 15 members of the trade unions affiliated with the American Federation of Labor had been elected to the house of Representatives. Of these 15 four are members of the house committee on labor, of which Representative Wilson of Pennsylvania, a union min-

er, is chairman. To the labor members of the house, Mr. Gompers gave much of the credit for the passage of a score of bills endorsed and urged by the Federation of Labor.

**"Systems" Investigated**

The subject of "scientific management" and the efforts of the American Federation to "thwart the schemes" for the installation of various management "systems" in government work were taken up at length by Mr. Gompers. He reviewed the investigation of the so-called Taylor system by a special committee of the house.

The report of Secretary Frank Morrison showed total receipts of \$207,373 for the year and expenditures of \$277,479. The federation began the year with a balance of \$189,579, and closed the year with \$70,105 less. In discussing the strikes of the year, Mr. Morrison's report said:

"Reports from 64 national and international organizations and from local unions directly affiliated with the American Federation of Labor show that there were 74,069 involved. Of that number 66,892 were benefited and 6177 not benefited. The total cost of the strikes reported on was \$1,986,265. Adding to that amount \$156,889, donations made by local unions to other unions we have a total of \$2,143,153 expended to sustain members on strike during the past year."

Similar figures were set forth in the report of Treasurer John B. Lennon.

### Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barcelona, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles there is nothing better. A trial will convince you of its merit. 50c & \$1.00. Trial bottle free. Guaranteed by all druggists.—Advertisement.

### CHARTER OF THE CITY OF SANTA ANA

(Continued from Page Nine)

prepare and propose a Charter for said City. BE IT KNOWN, That in pursuance of said provision of the Constitution and within a period of one hundred and twenty days after said election, said Board of Freeholders has prepared and does propose the foregoing as and for the Charter of the City of Santa Ana.

IN WITNESS WHEREOF, we have hereunto set our hands in duplicate this 29th day of October, one thousand nine hundred and twelve.

JOHN McFADDEN, President.  
F. L. ANDREWS, J. M. BURLEW, L. J. GARDEN, C. S. CROOKSHANK, JOHN CUBBON, S. H. FINLEY, CHARLES F. HEIL, J. G. QUICK, HERBERT F. RANKIN, W. C. ROBERTS, E. B. SMITH, GEO. S. SMITH, W. B. TEDFORD, R. J. THOMPSON.

Attest: W. C. ROBERTS, Secretary.

## SOCIALISTS MAKE MARVELOUS GAIN

Vote of 1912 Almost Double That of 1908; California Shows Big Increase

CHICAGO, Nov. 12.—The Socialist vote in the United States at last Tuesday's election was nearly 100 per cent greater than the vote cast for that party's candidate in the presidential election of 1908.

The spread of the doctrine seems not to have been confined to any particular section, nearly every state showing an unusual increase.

While rejoicing over the progress made by their cause, many Socialist leaders declare that a still greater showing would have been made had Colonel Roosevelt not inaugurated the Bull Moose movement, which attracted many voters from Debs, who has been running for president on the Socialist ticket for many years.

**State Legislators Socialists**

It is believed that when all the returns have been canvassed it will be found that a score or more Socialists throughout the country will have been elected to state legislatures. Kansas has elected one state senator and one member of the general assembly.

From the far south comes the news that in Mississippi Debs received a vote greater than President Taft. In the far west California gave him 66,350 votes, or 37,691 more than he received four years ago.

Minnesota on the northern boundary line went a little better with her Socialist vote than in 1908, returning an estimated total of 15,000 Debs ballots. In New York state the Socialists polled 49,986, an increase of 11,335, and in Pennsylvania they nearly doubled their vote.

Indiana, Kansas, Nebraska, Arkansas, Louisiana, Mississippi, Virginia and Washington are among the states which trebled or nearly trebled their vote for the Socialist candidates.

**Big Increase in Indiana**

In Indiana the movement was largely recruited by dissatisfied men in the Democratic party it is claimed, the total increase being 270 per cent over the Debs vote of 1908. Dispatches received from throughout the country setting forth the actual figures or estimate of the 1912 Socialist vote in the various states give an actual gain of more than 300,000 votes.

—Dr. Mabel Vance Tremain, Osteopath. Office hours, 10 to 12 a.m.; 2 to 4 p.m., except Thursday and Sunday.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## GROWS BEAUTIFUL, HEAVY HAIR—25 CENT "DANDERINE"

Destroys Dandruff—Stops Falling Hair—Cleans and Invigorates Your Scalp—Delightful Dressing

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use.

When you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Advertisement.

## WOMEN OF NATION WILL CELEBRATE SUFFRAGE VICTORIES ON NOV. 21st

PHILADELPHIA, Nov. 12.—The convention of the National Woman's Suffrage Association, which opens in this city November 21, will be the greatest gathering of the advocates of "votes for women" ever held in this country.

It is not the first national convention the suffragettes have held; it is the forty-fourth, but it will be far the greatest, both in points of attendance and in the importance of the work which will be accomplished. Not only will plans for the future be made, but there will be one long justification over the states won to the suffrage ranks at the election last Tuesday.

Plans for the convention, which will be held under the auspices of the Pennsylvania Woman's Suffrage Association, are now completed. Every detail of the five days' conference has been thoroughly threshed out, every contingency has been provided for, so that when the convention opens November 21 the program will proceed without a hitch.

Practically every state in the Union will be represented. More than 400 delegates already have written to Miss Caroline Katzenstein, secretary of the Pennsylvania association, that they will answer the roll call when Anna Howard Shaw, president of the national association, calls the opening session to order in the Witherspoon building, Juniper and Walnut streets.

The hospitality committee, of which Mrs. George A. Petrol is chairman, has made arrangements for the entertainment of the delegates during their stay in Philadelphia. The visiting delegates will be entertained in the homes of local suffragists, members of the Pennsylvania association residing in this city, having volunteered to throw open their homes to their

co-workers from other states.

Official headquarters will be established at the Hotel Walton, where rooms have been engaged for the officers of the national association. M. Carey Thomas, president of Bryn Mawr College, and also president of the National College Woman Suffrage League, also has engaged a suite of rooms at the Walton, where she will entertain some of the delegates.

The convention will come as a climax to the campaign that suffragists have carried on in all parts of the country during the last year.

## Pioneer Roofing

The Modern Roofing Material Makes a Sun-Proof, Rain-Proof Roof

Pioneer Rubber-Sanded Roofing is the best exponent of modern common sense roofing methods. Perfected by roofing experts through twenty-five years' experience and observation of successes and failures of various roofing materials.

Pioneer Rubber-Sanded Roofing lasts indefinitely without repairs or paint. It's a strong, long-fiber felt, saturated to just the right degree with an asphalt compound, especially refined to withstand the drying-out process and the sudden temperature changes of the California climate.

Use Pioneer Roofing on all your buildings. Five years' wear will show a saving of one-third the cost of the ordinary roof. Packed in handy rolls. Easily transported. Nails, cement, etc., included in every roll. Write for Booklet .18
